## MOTHERS CLUB'S ACHIEVEMENTS

What the Local Club Has Done  
During Term of 1912-13

During the past term we have taken our treasury \$232.75. These receipts were from different sources. A sum from tag day, quite a nice sum from the citizens, result of serving corn, donations by children of the school, result of dinner given by Mothers' Club, donation by Prof. ... also a neat little sum by the ... of the high school. This amount \$165.24 has been paid

We feel that we have wrought well during the past year. That we have the means of securing for our ... very necessary help that possi- ... it might not have had but for the ... of the Mothers' Club.

We feel the money has been wisely invested by our present superintend- ... and his able corps of teachers, ... it gladdens our hearts to know we ... assisted not only the graduating ... of 1912-13 but all others in the ... school in their search for inform- ... We have made their progress ... the hill of knowledge easier by sup- ... the proper apparatus to unfold ... mysteries of science to their in- ... minds.

Were the rewards for our labor to be ... in dollars and cents alone ... would not feel that we had such a ... record. But we claim an interest ... the five brilliant young lives that ... completed their course in the Hondo ... school the past term. They will ... into the world as brilliant stars, ... important positions. Touching ... lives, possibly guiding their feet ... the paths of knowledge; making ... spots of the earth better for their ... living in it. Like the ripples of ... ocean, the beautiful influence they ... will go on and on ever wide- ... until eternity alone can estimate ... good they have achieved.

We feel that through our efforts the ... school has made not only ... progress our right to exist but has ... demonstrated the necessity of our ... existence as a factor for usefulness. ... are proud we can place to our ... edit a Summer Normal for 1913, for ... about the apparatus for the benefit ... our teachers this honor would not ... been conferred upon our town. ... feel it is a privilege to be a mem- ... of our organization that can reach ... beyond the portals of our own ... and help all the children in the ... schools. In other words, to realize the ... meaning of the ancient proverb, ... we are our brother's keeper."

Only a few years have elapsed since ... Congress of Mothers dawned into ... existence and even now the faint ... streaks above the Eastern horizon but ... herald the glory we shall reveal to the ... world when our sun has reached its ... path.

The Congress of Mothers is one of ... the pedestals that is bearing aloft the ... many queens characters that other- ... might have passed into oblivion, ... it not been for their chisel strokes ... that have wrought out each eventful ... day.

Thousands come into this world ... pass out without leaving even one ... small act which the storms of this life ... will not destroy, but we are glad to say ... there are many grand, influential ... men who are giving a life of service ... to this noble work. Like Washington, ... Madison and Francis E. Willard they ... erecting living monuments in the ... hearts and lives of the people whom ... they serve.

## AGED CITIZEN PASSES AWAY

Rev. David W. Bennett Died  
Here Thursday Night

Grandpa Bennett died at the home of his daughter, Mrs. T. McClaugherty, at 8:15 o'clock, Thursday night, May 15, 1913, after an illness of six days. After a brief funeral service at the home, the remains were shipped to his old home at Seguin on the 9:43 train, accompanied by members of the family and his pastor, Rev. M. K. Fred, where they were interred yesterday afternoon by the side of those of his wife who preceded him in death many years ago. Rev. Fred conducted the funeral service.

REV. DAVID WALKER BENNETT

The subject of this sketch was born in Anderson County, Ky., Oct. 11, 1830, and has been a member of the Methodist Church since March 16, 1854. He served with distinction in Co. C, 32nd Texas Cavalry. In 1894 he was licensed to preach. Ordained local deacon in 1898 at Seguin. He became an active member of the Hondo Methodist Church in 1903 and was a faithful worker in the cause.

Lack of time prevents giving a more extended notice at this time. Obituary will appear next week.

The Anvil Herald extends its sympathy to the bereaved ones.

### Died.

Walter Merriman, aged 79 years, died here Tuesday afternoon at 4 o'clock, of ailments incident to old age. The body was interred in the old cemetery Wednesday afternoon, Rev. M. K. Fred of the Methodist church conducting the services.

The deceased was born in Bristol, Connecticut, but came to Texas in early life and had resided in Atascosa County until six weeks ago when he came here to visit his brothers, J. E. and J. C. Merriman. He was never married. He is survived by seven brothers and one sister.

The Anvil Herald extends sympathy to those who mourn.

## A DEALER'S SUGGESTIONS

Mr. C. W. Roberts' Timely Advice to Motor Car Buyers

"In considering the purchase of an automobile," said C. W. Roberts, a leading automobile dealer, "the average man is apt to overlook some of the most important details simply because they do not stick out right on the surface.

"For instance, most men who are offered a discount, a 'cut price', or a 'long' trading price on an old car are apt to congratulate themselves that they are getting a 'bargain.' But are they?

"A car that has a price of, say, \$2,000 but which is offered at a discount of 15 per cent is as a matter of fact only a \$1,700 car. And the buyer is getting exactly what he pays for. He is away off when he figures that he is getting a \$2,000 car for \$1,700, for he is doing nothing of the kind. Prices are purposely set high on some cars so that the dealer may offer an apparent discount.

"The person who is most injured by the 'cut price' is not the dealer, it is the man who buys the car. Of course, dealers will not explain this. If they are in the cut-price business it's a case of clean up quick and get out, and the less said about it the better.

"Then the buyer is left with a dishonored car on his hands; a car no garage or repair man wants to see in his shop; a car that is like the mule, 'without pride of ancestry or hope for posterity'.

"Another point, and one that hinges very closely on this cut-price error, is that of annual depreciation cost of a car. In figuring cost of upkeep of a car not many men take into consideration the selling price of their old car. The time comes to every motor car buyer when he wants another car. Improvements are made, or he graduates into the more advanced class, or some other reason impels him to want to sell his old car and get a better.

"Here is where the 'cut-price' car reveals its extravagance. In the case of the \$2,000 car we have mentioned as being bought for \$1,700, the depreciation must be figured from \$1,700 and not from \$2,000. And as the car was originally over-priced people naturally lose faith in it and it brings, as a used car, terribly disappointing figures. Such a car can often be bought for less than half of its original price.

"On a car that has been sold at full list price, the selling price as a used car is frequently as high as the cut-price car's original cost. A little thought will show that the yearly average of depreciation expense is the only true figure to use as a guide.

"In our case," said Mr. Roberts, "we have none of these difficulties because Hudson cars are never sold at anything but list prices. And it is also well-known that the era of the Six-cylinder car has really just begun, so that as far as we are concerned our owners can safely look forward to an excellent selling price for their used 'Sixes' for some years to come.

### The Great Leona Peach.

I stand by the proposition that it is better to buy one Leona tree at two prices than to have two Elbertas given to you.

JOHN A. HEAD,  
Agt. Austin Nursery.

## WHY BUY A HUDSON?

As an investment the Hudson car is the best buy on the market today and has been since the first Hudson was built in 1909. Why? For various reasons. Here are a few:

1st. The greatest engineers and designers in the world are building Hudson cars.

2nd. Always the most up-to-date and refined car each season, being from one to three years ahead of nearest competitors.

3rd. The most honest built car ever offered the buying public.

4th. The depreciation of used cars is less on Hudsons than any car built.

5th. After one, two, three or four years service the Hudson will suffer less depreciation than any car on the market.

6th. Hudson cars have from 400 to 1000 less parts and are therefore

the simplest cars on the American market.

7th. The Hudson has and does today give more service than any car built and at any where near its price.

8th. The Hudson 37 is the best four-cylinder car built today and the New Hudson Six invites comparison with any American or foreign built car offered the buying public.

9th. The first Hudson car sold at \$900, today the cheapest model is \$1875, price doubled and factory output quadrupled in four years; greatest record attained by any automobile builders.

10th. Factory out-put is over-sold from 20 to 40 per cent each year, owing to increasing demands for Hudson cars—even at the advanced prices each season.

### Commissioners Court.

Commissioners Court convened here in regular session Monday with all members of the Board and the usual officers present.

From the proceedings we condensed the following:

Petition for consolidating Chicon district No. 9 and No. 26, Mustang Prairie, with the following, B. Bippert, H. C. Bridges, E. Ziegenbalg and L. H. S. Atkins out of Coal Mine district No. 20 for a new district at Natalia was granted.

Joe Sauter was appointed Justice of the Peace of D'Hanis precinct No. 4. It was ordered that the school site tracts heretofore conveyed by H. G. Wilson, H. G. Hardt and J. W. McCaughn revert back to each as provided in said deeds.

H. G. Wilson was allowed \$50.00 for right of way through survey No. 782, from school house and Methodist

church south to intersect Moore-Secco road.

The County Treasurer's finance report was approved. Said report shows cash on hand as follows:

General fund.....	\$12,323.38
Road fund.....	13,332.12
Road fund, precinct 4.....	31,889.35
Bridge fund.....	11.22

Total.....\$57,556.07

The County's assets are as follows:

37 Bridge bonds.....	\$18,500.00
8 Devine School bonds.....	4,000.00
5 Brown County road bonds.....	5,000.00
2 Dimmitt Co. road bonds.....	2,000.00
3 Plano Waterworks bonds.....	1,500.00
Cash on hand.....	216.53

Total.....\$31,216.53

The County Bonded Indebtedness is as follows:

37 Bridge bonds.....	\$18,500.00
----------------------	-------------

The returns of an election held at Coal Mine district May 3rd to abro-

gate the 10 cents tax were canvassed and it was found that the tax was abrogated by a majority of 9 votes, every vote polled being in favor of the abrogation.

Various reports of collections, etc. were approved.

A large delegation of prominent citizens of Devine were here Thursday on road matters pending before the court. The court took the matter under advisement and will view the two roads in question at some date to be fixed later.

The court was considering road matters all of Thursday. The court will be busy with routine matters all this week and next week it will sit as a Board of Equalization.

I am agent for the J. I. Case Thrashing Machinery, Traction Engines and Automobiles. See me for demonstrations of machines and prices on the same. Eugen Huesser.

## Gems In Verse

THAT CHERRY TREE.

LITTLE Fred had often read  
Of Washington's great name.  
And through his small, designing  
head  
There ran a wish for fame.  
He longed to wear a uniform  
And for his country fight—  
He talked of battles every day  
And dreamed of them by night.

One day he spied a cherry tree  
Of rare and costly brand.  
'Twas February twenty-two.  
Fred smiled, for in his hand  
He held a hatchet keen and bright.  
'I'll do it on the sly—  
Cut down that tree, then say, 'Papa,  
I cannot tell a lie.'"

Chop chop, chop chop, the hatchet flew.  
Fred battled with the tree  
Until he felled it to the ground.  
A conquering warrior he  
Just then a stern parental hand  
Descended with a smack!  
Sad to relate, the battle scars  
Still linger on Fred's back.

HONDO'S Summer Normal begins the 9th of next month, and there is every indication that there will be a large attendance.

A WAR is on between the Eagle Pass Guide and the Hondo Anvil Herald over the question which is the better town between San Antonio and El Paso, the Guide pointing to the fact that Eagle Pass banks have the most money in their vaults, and the Anvil Herald retaliating with the boast that Hondo is 100 miles nearer the San Antonio breweries. So there.—San Antonio Express.

BUSINESS men who cut out their advertising in their desire to cut down expenses simply cut off the light that illuminates the way to their own doors, and they have no cause to quarrel when the trading public loses the trail. When a merchant lays down on his job and ceases to get after business he helps to make hard times and dull business. When business lags is the time to push it vigorously; that truth has been demonstrated over and over, and shrewd business men are learning that advertising is their best investment.—Hamilton Rustler.

JOE Boehmer boasts that Eagle Pass is the best town between San Antonio and El Paso because its banks have the most money. We fail to see where all that money in the bank and only thirty cents in the editor's pocket would count for much! Then, too, Hondo is a hundred miles nearer the San Antonio breweries than Eagle Pass is! There now!—Hondo Davis. Eagle Pass is less than half a mile from Piedras Negras where the San Antonio folks like to come for Sundays and enjoy more things than they can get in San Antonio in a year. Might as well admit we've got the city claimed 'cause we produce the proof, but where is that aforesaid thirty cents?—Eagle Pass News-Guide. You can search us! But Joe probably left it in Piedras Negras last Sunday.

THE Anvil Herald is here to give the news of the town and county impartially both industrially, commercially, socially, educationally, religiously and any other way that may redound to the good of the community. For over nine years the present management has been striving to this end and during that time this paper has never failed to be issued on its day of publication. However, it is absolutely unavoidable that if many things re-

ceive their proper mention in these columns those particularly interested in the matter must report it to the paper. They have a standing and courteous invitation to so favor us and if you note omissions of some things from these columns you may know that we have been either purposely or thoughtlessly slighted and along with us all of our over five thousand readers who might be interested in the event.—Hondo Anvil Herald. The Times has often made requests similar to the above. There are lots of items every week that we do not publish for the very good reason that we know nothing of them. Everybody in Sanderson knows or should know that a great deal of this editor's time is taken up on the mechanical work of the paper, and we can't get out on the street every day on a hunt for news. If you know anything that ought to be published tell us of it—if we have already heard of it the information will be thankfully received anyway and no harm will be done. We have a telephone and invite all to phone in your items of local interest. We will certainly appreciate the kindness and you will have the satisfaction of seeing the paper greatly improved if you will do this.—Sanderson Times. Yet in spite of this you will find people who will boycott you both in business and in the furnishing of news items, but be quick enough to prefer requests of you when something is liable to happen to spoil their pleasure or disturb their peace of mind.

### Pressing His Luck.

An English bookmaker was approached by a colleague who sought some advice.

A better on the races had paid the man who wanted the advice £25 on a wager and next day, in a fit of absent-mindedness, had paid the bet a second time.

"What shall I do?" asked the distressed bookie.

"Ask him for it again!" advised the other.—Saturday Evening Post.

"Yes, my memory is getting very bad. By this time tomorrow I shall have forgotten everything I have done today."

"H'm! Could you oblige me with the loan of a five, old chap?"—Tit-Bits.

The great calamity in Omaha was quickly overshadowed by the terribly disastrous floods in Ohio. Great suffering and sickness from colds and exposure resulted which Foley's Honey and Tar Compound helped to alleviate. L. Poole, 2217 California St., Omaha, writes: "My daughter had a severe cough and cold but Foley's Honey and Tar Compound knocked it out in no time. My wife would not keep house without it. We have used it for years, always with good results." W. H. Windrow.

**Not Fit for Ladies.**

Public sentiment should be against it, and we believe it is, there can be no reason why ladies should have to suffer with headaches and neuralgia, especially when Hunt's Lightning Oil gives such prompt relief. It is simply a question of getting the ladies to try it. All druggists sell Hunt's Lightning Oil in 25c and 50c bottles.

**This Interests Every Woman.**

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth knowing, and also that Foley Kidney Pills are the best and safest medicine at such times. You cannot get better, purer medicine for backache, weary dragged out feeling, aching joints, irregular kidney and bladder action and nervousness due to kidney troubles. Try them. They are tonic in action, quick in results. W. H. Windrow.

**Reduce Cost of Reading.**

There are two clubs in New York that are designed to reduce the cost of fresh reading matter. One is composed of women who contribute 25 cents a month and have the use of all the best magazines, which are later sent to a hospital. The other buys new books for the same price to each member and the books are disposed of by a lottery system, although each member gets one. There are hundreds of ways to save money.

A man living at Auburn, New York, had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, nor run up a heavy doctor's bill, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he says: "Of course I recommend Foley Kidney Pills as a very effective cure for kidney and bladder trouble." W. H. Windrow.

**Costs Less Bakes Better**

**CALUMET BAKING POWDER**

**ECONOMY**—that's one thing you are looking for in these days of high living cost—Calumet insures a wonderful saving in your baking. But it does more. It insures wholesome food, tasty food—uniformly raised food. Calumet is made right—to sell right—to bake right. Ask one of the millions of women who use it—or ask your grocer.

**RECEIVED HIGHEST AWARDS**

Neglected wounds produce old sores and these in time develop ulcers which eat away the vitality.

**Ballard's Snow Liniment**

Is a Healing Remedy for All Ailments of the Flesh of Man and Beast.

The speed with which this splendid liniment heals up a bad wound or sore has surprised and pleased those who were accustomed to the slower and uncertain effect of less powerful remedies. It mends the lacerated flesh so quickly that there is but little time lost from work. In relieving rheumatic pains, neuralgia, sciatica, it has done and is doing a wonderful work. Many chronic victims of these diseases have found to their great satisfaction that it cures an attack in a fraction of the time required by the ordinary treatment.

It is equally effective in the flesh ailments of animals. Owners of blooded stock value it highly for two reasons: It heals sores and wounds quickly, and leaves no disfiguring scars. This remedy is needed in every home. If its great power and efficacy was generally known, no family would be without it.

### District Court.

State vs Jesus Uroto, theft of a horse. This case was on trial as we went to press and resulted in a verdict of guilty and sentenced to two years confinement in the penitentiary. It being found, however, that the defendant had never before been guilty of a felony, it was recommended that sentence be suspended and the same was granted.

State vs J. R. Gammon, two cases for passing forged instrument, were dismissed on motion of the state.

Fullerton & Simpson vs J. F. Burns, dismissed for the want of prosecution. Thomas F. Hart, et al. vs A. F. Ritter, et al., continued on requested of plaintiff.

There being no further business, court adjourned for the term Saturday, May 10th.

The term of court just closed made a record for work disposed of as the following summary shows:

Criminal docket: Indictments presented, felonies 7, misdemeanors 1; trials 7, convictions 6, acquittals 1; transferred to County Court, 1; dismissed, 3; appealed, 1; pending cases, parties not arrested, 14. Every case on the docket was finally disposed of. Unless the Sheriff makes an arrest of the parties mentioned above there will be no cases to be tried at the next term of court unless the grand jury finds other true bills.

Civil cases: Tried and disposed of 8, dismissed 4, appealed 1, pending 13. Eleven of these cases are injunction suits against the Medina Valley Irrigation Company to compel them to open the dam and let loose the flood waters of the Medina River.

### Mothers' Club Meeting.

The Mothers' Club met at the High School building last Monday.

After the regular order of business the practicability of having Prof. Hall produce "The Congress of Nations" for the enjoyment of the public, for the training of the children and for more funds for the Club, was discussed and approved.

According to the program of the day, Mrs. Monkhouse gave a glowing description of the work done by the District Congress of Mothers, also a concise report of the year's work of the Hondo Mothers' Club.

The Treasurer reported \$67.61 on hand.

May meeting being the regular time for the election of officers the following were installed:

Mrs. R. H. Hudspeth, President.  
Mrs. G. W. Monkhouse, 1st Vice-President.

Mrs. G. W. Jones, 2nd Vice-President.

Mrs. J. S. Fly, Recording Secretary.

Mrs. H. G. Henderson, Corresponding Secretary.

Mrs. P. Jungman, Treasurer.

A committee was appointed to draft program for next year.

Civic betterment was discussed as a very necessary feature long, too long neglected. A committee was appointed to draw up a paper requesting every one on a certain day to clean about his premises.

The Club decided to take up a course of study provided by the State University in order to keep fully abreast of the times.

Adjourned to meet again when school opens in the Autumn.

### New Fountain Notes.

The picnic and dance given by the Quini Gun Club at their hall Monday was well attended by the people of the surrounding country. In the annual prize shoot Joe Horn took first prize, A. J. Glaser, second, and Henry Poehler and John A. Breiten tied for third prize. Most of the sport loving people spent the afternoon at a nearby race track where a number of foot and pony races were run.

Several from here took in the races at Castroville.

Dr. and Mrs. A. J. Glaser came down from Bandera Monday to take in the picnic and prize shoot given by the Quini Gun Club of which the doctor is a member.

An overland dog and pony show arrived at Quini Saturday and showed to a good sized crowd at night. While moving Sunday morning, one of their ponies which was tied behind a wagon got one of the legs into a wheel and broke the leg above the knee, which compelled them to leave the animal behind. It is cared for by Emil Boehle.

Henry Hueschen returned Saturday from Cline where he quit his job and will now go to farming here.

Folkert and F. F. Muennink of Elm Slough passed through here Monday enroute to Fredericksburg where they have been called to the bedside of a sister.

The confirmation of four boys and six girls took place in the Quini Lutheran Church last Sunday morning, Rev. Hofer, the pastor, officiating. J. G. Karm and family visited Henry Hartmann and family Sunday.

Mr. and Mrs. Alex Marquis and children of the Upper Hondo spent Pentecost with relatives in this neighborhood.

Mr. and Mrs. Emil Saa'hoff were down from the hills the first of the week to participate in the festivities at Quini.

New Fountain, Texas, May 14, 1913.

## Something New in The CORSET LINE

The J. C. C. Beverly  
**\$ 1.00**

Its very name implies style and the price is \$1.00. Many women have said on seeing the J. C. C. Beverly for the first time: "Why, that corset is more expensive than I wanted," and were hardly able to believe it when we told them the price was only \$1.00. The makers have woven into this corset long wear as well as splendid style. You will say that too when you see it. It imparts an appearance of correctness and distinction worthy of many a corset that sells at several times the price. The Beverly is also a durable corset, giving overflowing measure of economy and wear and we recommend it as a fine example of J. C. C. corsetry at a moderate price.

Mr. and Mrs. J. H. Jones left Wednesday for their home in Palestine after having spent a month with Mr. Jones' parents, Mr. and Mrs. Dick Jones, on the Tehuacana.

Capt. H. S. Kirby and Geo. W. Jones returned Monday night from their trip to Houston and Peachtree village where they attended the dedication of a town hall erected in memory of Mr. Kirby's brother and wife, parents of J. H. Kirby, the big East Texas lumber man.

Investigate the OAKLAND autos, as good as any, better than many. Six series, from \$1000 to \$2400; the 35 five-passenger touring at \$1275 in San Antonio, the 42 five-passenger touring at \$1775 in San Antonio, have not been beat yet. Liberal discount on first cars sold in Medina county, H. E. Haass, agent, Hondo, Texas.

I again want to thank the people of Hondo and Medina County for the liberal patronage given me in the past and assure them that any mistakes that may be made, no matter how small or how large the mistakes may be, or if any thing should arrive in bad condition it will be made right if either Mr. Ramsey or myself are notified. Respectfully, John A. Head.

San Antonio Light, March 19th, in reporting the 700 mile endurance test to Dallas and return, out of eleven entries, five autos finished, mentions that the non-contesting OAKLAND press car, carrying the press representatives, with the pilot car and winners finished without any mechanical trouble at any stage of the trip. H. E. Haass, agent, Hondo, Texas.

About thirty people, Odd Fellows, their wives, daughters and sweethearts, attended the Odd Fellows celebration at Sabinal Saturday evening. The trip was made in autos and all had a most enjoyable time. The Sabinal Odd Fellows are splendid entertainers. An excellent program of speeches and music was arranged and carried out, after which an elegant banquet was served to a large audience of local members and visitors from Uvalde and Hondo.

The special Mothers' Day services at the Methodist church Sunday were largely attended. A committee of ladies waited in the vestibule and pinned a white flower on each one as they entered the church. The choir sang several songs specially selected for the occasion and Mrs. Horace Bradley sang a pretty solo, "Tell Mother I'll Be There". The pastor, Rev. M. K. Fred, preached an eloquent and touching sermon appropriate to the occasion and all who attended were uplifted and ennobled by the services.

## Bees and B'ars

By M. QUAD

Copyright, 1913, by Associated Literary Press

High up on the Cumberland mountains one autumn evening as I sat before the big fireplace in Zeb White's cabin, I asked him for a story of the mountains. He was silent for awhile, and then he laughed in a shamefaced way and said:

"It's a story agin myself."

"That's all right."

"It happened a long time ago."

"It will be just as good."

"Waal," he started in, "one Sunday mornin' arter breakfast the old woman looks at me sorter queer and says:

"Zeb, you know that's a camp meetin' gwine on over at Snicker's grove."

"Mebbe I do," says I.

"They are havin' a powerful time I hear."

"Glad on it."

"Zeb, we'll take a walk over to that camp meetin' as soon as I git the dishes washed up, and we won't come back home till night."

"It would be time throwed away."

"But we's gwine right along jest the same," she says.

"It was jest the season to watch wild bees and line 'em to a tree," explained Zeb, "and I figured on puttin' in the day at that. I told the old woman so and asked her to go on alone, and she turned on me with:

"Zeb White, if yo' reckon to cheat the Lawd and come out all right yo'll git left! Nobody ever did it in all this world. If yo' steal his day sunthin' will shorly happen to yo'."

"But we want honey in the fall, don't we?" says I.

"What's the good of honey if yo' lose yo'r soul?"

"Nobody's gwine to lose his soul on account of huntin' up a bee tree."

"Mebbe not. Mebbe he'll jest break his neck or leg or wildcats will claw him up or the b'ars roll him about. The Bible tells about the fate of the stiff necked and obstinate, but yo' won't heed it. Jest go right along arter yo'r wild honey, Zeb White, and I'll go to the camp meetin' by myself. I reckon yo'll find out the power of Providence befo' sundown."

"She went away without another word to me, and fur half an hour I was a good mind to foller on. I didn't feel right about it 'tall, and my old dawg slunk away from me as if he was ashamed of his master. I didn't want to give in, however, and bimeby I shot the doab and strolled off to look fur bees. I was makin' fur a place about two miles away, but befo' I reached it I stopped to look at a big chestnut tree with a holler in it. That holler was big 'nuff fur fo' men to stand in, and I was lookin' in and wonderin' why I had never seen the tree befo' when I heard sunthin' movin' behind me. I wheeled about, and thar was a whoppin' big b'ar sneakin' up on me. I could tell by the looks of his eye that he meant bizness, and it was no use to try to bluff him. One jump carried me into the holler, and he rushed and jest missed me. I had no gun, but I did have my knife along, and when the b'ar tried to foller me into the tree I slashed him fur or five times. He was no fool. He seen I had the advantage, and he jest backed off and sot down to wait. I kept party quiet fur an hour, thinkin' he'd git discouraged and go away, but he had other plans on hand. When I stuck my head out and waved my arms and yelled at him he growled a few times, but he didn't come a foot nigher.

"It was plain that I was in a bad way," continued the old hunter, "but I didn't see what I could do about it. I was in the holler, and the b'ar was outside, and thar was no show fur me to come out until he went away. It cum sundown, and it cum night, and he was still thar. I saw I was in fur all night, and I went to sleep. I woke up once and saw his eyes shinin', but he let me alone. I woke soon arter daylight and he was still thar. Not to worry you with perticklers, I passed two nights and two days and a half in that tree, and at last I'd hev given my left arm fur a drink of spring water, to say nothin' about my hunger. I was no longer a match fur the b'ar. I was weak and flighty, and he'd hev a big advantage over me. However, I was tryin' to work up my courage to crawl out and do the best and hev it over with when Abe Holden, who was lookin' fur his lost mawl, cum that way, and the varmint made a sneak. My voice wasn't much stronger than a baby's, but I managed to make Abe hear, and he pulled me out and helped me home. The old woman sot on the doorstep singin' a hymn, and as we cum up she looks at Abe and says:

"Good evenin', Mr. Holden. Kin I take it that yo'r old woman is peart?"

"Fairly peart, fairly peart, Mrs. White," he replied.

"And yo' peart to hev a stranger with you," she goes on.

"No, ma'am. It's Zeb, yo'r old man."

"Indeed! The last I saw of my old man he was gwine out to find a bee tree. Did he find it?"

"He found a holler tree, ma'am."

"Yes?"

"And a b'ar!"

"Yes? And what does he think about cheatin' the Lawd outter his Sunday?"

"He'll never do it ag'in, ma'am, and in a smart hurry yo'll excuse me I pass on."

"I passed on," said Zeb, with a xful smile, "and the old woman he some chicken broth and tuck to bed."

### Best Medicine for Colds

When a druggist recommends a remedy for colds, throat and lung troubles, you can feel sure that he knows what he is talking about. C. Lower, Druggist, of Marion, Ohio, writes of Dr. King's New Discovery: "I know Dr. King's New Discovery is the best throat and lung medicine I sell. It cured my wife of a severe bronchial cold after all other remedies failed." It will do the same for you if you are suffering with a cold or any bronchial, throat or lung cough. Keep a bottle on hand all the time for everyone in the family to use. It is a home doctor. Price 50c and \$1.00. Guaranteed by W. H. Windrow.

### New Zealand's Many Journals.

New Zealand has 233 daily, weekly and monthly periodicals.

### Health a Factor in Success.

The largest factor contributing to a man's success is undoubtedly health. It has been observed that a man is seldom sick when his bowels are regular—he is never well when they are constipated. For constipation you will find nothing quite so good as Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. They are sold by W. H. Windrow.

### After Close Of School.

What shall I do with son and daughter after close of school? This question confronts many parents at this season of the year. We all concede that it is better to keep young people busy. Many times they are not qualified to be really useful in store and office, and they are usually not old and strong enough to do a man's work on the farm. It is then largely a matter of choosing between sending them to a summer school or letting them loiter about town. Surely this is the time to consider a business education of Bookkeeping, Banking, Shorthand and Typewriting.

The cost is small—around \$50 for a single course of Bookkeeping and Banking or Shorthand and Typewriting, and around \$85 for the two courses combined.

The San Antonio Business College, 307 Alamo Plaza, San Antonio, Texas, makes a specialty of these branches as well as Commercial Law, Business, Arithmetic, spelling, Penmanship, Rapid Calculation, etc.

Last year one Banker sent his own son to this college through summer vacation, and paid the way of three other ambitious students. The President of the college, Mr. H. C. Mitchell, will send catalogue and full particulars concerning the school upon request.

### For the Weak and Nervous.

Tired-out, weak, nervous men and women would feel ambitious, energetic, full of life and always have a good appetite, if they would do the sensible thing for health—take Electric Bitters. Nothing better for the stomach, liver or kidneys. Thousands say they owe their lives to this wonderful home remedy. Mrs. O. Rhinevault, of Vestal Centre, N. Y., says: "I regard Electric Bitters as one of the greatest of gifts. I can never forget what it has done for me." Get a bottle yourself and see what a difference it will make in your health. Only 50c and \$1.00. Recommended by W. H. Windrow.

### Humility First.

We shall never be the "light of the world" except on condition of being the "salt of the earth." You have to do the humble, inconspicuous, silent work of checking corruption by a pure example before you can aspire to do the other work of raying out light into the darkness, and so drawing men to Christ himself.—Alexander McLaren.

### Wonderful Skin Salve.

Bucklen's Arnica Salve is known everywhere as the best remedy made for all diseases of the skin, and also for burns, bruises and boils. Reduces inflammation and is soothing and healing. J. T. Sossaman, publisher of News, of Cornelius, N. C., writes that one box helped his serious skin ailment after other remedies failed. Only 25c. Recommended by W. H. Windrow.

## INDIGESTION FIVE YEARS

### Relieved by Vinol.

Strength and even life itself depends upon the nourishment and proper assimilation of food, and unless digestion is good, the whole body suffers.

Mrs. L. D. Cook, Vineland, N. J., says: "I was sick five years with indigestion. My stomach seemed to have a heavy load in it, and at other times it seemed to be tied in knots. Nobody knows how I suffered."

"I tried a great many doctors and a great many kinds of medicine, but nothing did any good until I took Vinol. It has helped me wonderfully. I am improving fast, feel better and am getting my flesh back again. Vinol has done me a world of good."

We know the great power of Vinol, our delicious cod liver and iron tonic without oil, in curing chronic stomach trouble and building up all weakened, run-down persons, and that is why we guarantee to return your money if it does not help you.

Sold by W. H. Windrow, Hondo, Tex.

### Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by W. H. Windrow.

### Good for Honing Razors.

People who hone their own razors will be interested in the statement in one of the magazines that what is known as "cuttlefish paper" makes an ideal material for the rapid honing of razors, surgical instruments, etc. This paper is made for use by dentists for polishing gold fillings, and is coated with an abrasive substance of remarkably fine grain.

Stiff neck is not only painful but annoying. To get rid of it quickly rub the affected part with Ballard's Snow Liniment. It penetrates the flesh and relaxes the muscles so that the pain ceases immediately. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

### Convincing.

"Do you love me, Esmeralda?" "Of course I love you. Since I became acquainted with you I have really gotten so admire pop eyes."

For cholera morbus, cholera infantum, diarrhoea from colds, and wind colic, McGee's Baby Elixir is a remedy of extraordinary power, it relieves colic pains instantly, checks diarrhoea and settles the disordered stomach. Price 25c and 50c per bottle. Sold by W. H. Windrow.

## BOB TAYLOR LIVES

in the two bright and beautiful books just issued, "Lectures and Best Literary Productions", and "Life and Career" of Senator Robert Love Taylor, handsomely illustrated.

You cannot hear again his voice, or see the humorous curl of his lips, that convulsed a continent with laughter, but, within the covers of these volumes, are the pictures woven of his wondrous words, and, laughing through their sunny pages, are all of the inimitable stories which he told to the multitudes. In "Life and Career", pens of genius have traced his romantic life from its morning in "Happy Valley", through his young and rosyate dreams—through stress and storm—through cheering throngs, and on into the waiting shadows, loved and laurel crowned.

We expect to sell millions of these books. First edition going fast.

## Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

## TAKE CARDUI The Woman's Tonic

If you are weak and ailing, think what it would mean, to you, to recover as quickly as Mrs. Navy did. For more than 50 years, this purely vegetable, tonic remedy, for women, has been used by thousands of weak and ailing sufferers. They found it of real value in relieving their aches and pains. Why suffer longer? A remedy that has relieved and helped so many, is ready, at the nearest drug store, for use, at once, by you. Try it, today.

# WONDERS OF THE WORLD

Will Be Shown at America's Great Celebration at San Francisco in 1915.

The Magnificence and Grandeur of the Panama-Pacific International Exposition Cannot Be Adequately Described—A Gathering of the Nations of the World.

The splendors of the world will be shown at America's Panama celebration at San Francisco in 1915. Never will so many nations have participated in an international event. Of the nations that take part, and this includes all the great powers, it is probable that each one will be more elaborately represented than at any exposition ever held outside of its own boundaries. Twenty-eight foreign countries have already responded to President Taft's invitation. More than eight hundred leading exhibitors of the world have applied for exhibit space and a number of the exhibits will range in value from \$200,000 to \$300,000; more than two thousand applications for concessions have been received. The responses show the spirit of appreciation with which America's sister nations regard the work at Panama.

#### Display by Foreign Powers.

The foreign powers will display all phases of their progress at home and in their colonies. Mr. Harcourt, colonial secretary of Great Britain, has addressed the governors of the self-governing dominions, crown colonies and protectorates requesting them to consider the question of participation with the remark that the British display should be worthy of the British empire. Japan will expend \$1,000,000 upon its pavilion which, upon the conclusion of the exposition, will remain as the gift of Japan to America. The pavilion and grounds, occupying five acres, will be located upon the United States Presidio military reservation immediately adjoining the exposition site. Marquis de la Vega Inclan of Spain, who visited San Francisco, will arrange for a wonderful art exhibit to include the original paintings of the great Spanish masters and many historical trophies, tapestries, and rare pieces of sculpture. Holland will be represented upon a scale never equaled outside the Netherlands. France cabled San Francisco requesting twelve acres as the location of a superb exhibit palace to be built by France. China, newest of the world republics, is planning to show both the China of the past and that of the future. China and Japan, and indeed all far eastern lands within the sweep of the Pacific, are planning to take part in a wonderful series of Oriental parades and pageants, during a ten days' fiesta in the fall of 1915. There will be assembled in these parades perhaps the greatest gathering of strange tribes and peoples of Oriental lands ever gathered in the Occident.

#### The World's Battleships.

When the exposition opens—February 20, 1915—the nations of the world will, in actuality, officially come to San Francisco, for the battleships of the world will be assembled off Harbor View, the exposition site, at that time. That a battleship is virtually the territory of the country it represents is a fact widely recognized in the procedure of international law, and so the nations of the world will, as it were, gather at the western gate of America. More than two hundred foreign battleships will, it is known from unofficial advice, participate in a series of spectacular maneuvers in San Francisco harbor in 1915.

Construction upon the exposition has long since begun. The service building which will be the exposition headquarters, is completed. Machinery hall, the largest of the exhibit palaces, will be the first of the great buildings to be completed. This structure will be 967 feet long and 270 feet in width; three great naves 122 feet high will run throughout its length from north to south. Contracts upon all the main exhibit palaces, of which there are fourteen, are being let at regular intervals and the highest point of construction will be reached next fall. All the main exhibit palaces will be completed by June 25, 1914, more than nine months before the exposition opens. All contracts are being let upon that basis. The early completion of the buildings will

Copyright, 1912, by Panama-Pacific International Exposition.

**FESTIVAL HALL**, where the conventions of the world will meet in 1915. The building will be 380x200 feet, with greatest breadth of 280 feet, the latter being taken up by the wings. A vast auditorium with a huge stage will be a feature of the structure.

permit the setting out and planting in the grounds and courts of several hundred thousands of rare trees, plants and shrubs now being grown in nurseries.

Early next fall the sightseer in San Francisco will be enabled to look from the rim of the encircling hills at Harbor View down upon the exposition city and see the buildings in progress of construction. To the west he may look out to the Golden Gate and to the islands in the Pacific beyond. To the north he will see the stream of traffic that passes before the exposition site.

#### Easy of Access.

One may easily reach the exposition in twenty minutes from the Ferry building. The site of the exposition, at Harbor View, lies within the city limits as a crescent upon the shores of San Francisco bay, just inside the Golden Gate. No more picturesque location, nor one more appropriate to the celebration of a great maritime event, could be imagined. On the south, east and west it is encircled by towering hills with varying contours rising successively from 250 to 900 feet above sea level, like the enfolding walls of a vast amphitheater. Upon the north the site opens out upon the harbor of San Francisco. The panorama at Harbor View recalls the famous Riviera upon the shores of the Mediterranean. In the harbor before the site lies Alcatraz island, the location of a military prison whose white walls are reflected in the waters of the bay. Beyond are the hills of Marin county rising up into the hundreds and in some instances into the thousands of feet, with Mount Tamalpais, loftiest of all, its summit often shrouded with a turban of fog upon which the sun shines as upon a vast bank of snow, as a background for the setting.

The central portion of the site lies slightly above the sea and is encircled on three sides by gently sloping ground; within a short distance from the boundaries of the site these slopes change to steep hillsides and thus the center becomes the floor of a huge amphitheater from whose sides the exposition will be seen stretched out below. To the east and south the residence section encircles the exposition grounds, and to the west and southwest the site is embraced by the wooded slopes of the Presidio military reservation, dark with cypress and eucalyptus and interspersed with occasional vistas of green valleys.

All told the site comprises 625 acres; it is two and one-third miles in length with a maximum width of one-half mile. Its frontage upon the harbor will be approximately two miles and further from the bay it will extend another one-third mile. Fort Mason, a military post, occupying a corner upon the extreme east and along the bay.

#### Faces the Bay.

The exposition buildings built upon an east and west axis will face the bay upon the north; they will parallel the stream of the great incoming traffic of the world through the western gate of the United States. The harbor itself will be a part of the great theater upon which will be staged the world's jubilee and the Golden Gate will be the entrance to the theater.

A marvelous panorama will be afforded visitors on ships coming through the Golden Gate. As one looks from the harbor he will see three main groups of exposition buildings. There will be the great central group comprising the fourteen exposition palaces to be devoted to general exhibits; there will be the group upon the left hand or east devoted to amusement concessions and covering sixty-five acres; this will be the "midway." The right hand group upon the Presidio military reservation and nearest the Golden Gate will be devoted to the pavilions of the states and foreign governments.

The exposition site at Harbor View, with its towering amphitheaters of hills and vast distances, called for huge effects. The grouping of the fourteen great exhibit palaces will present this result. From afar the central group, facing for almost a mile upon San Francisco harbor, will seem as one colossal structure, a great Oriental city, with walls as high as the average six-story city block and with golden domes, towers and tower gateways rising to heights of 150, 270 and 400 feet. Nearer at hand it will be found that great inner courts lie between the buildings. Eight of the fourteen buildings in the main group will be joined in a rectangle to form almost a huge Oriental bazaar—a veritable walled city with its domes, towers, minarets and great interior courts.

In general the buildings of the central group are to be brought into contact with those next adjoining by arches, courts and arcways. Through this method of treatment four of the general exhibit palaces of the main group, fronting north upon San Francisco bay but set back at a distance from the water's edge, will present a single architectural design. Their walls and the adjoining arches will form the main northern facade of the exposition along the shores of the harbor, a marvelous frontage that will be first seen by visitors who reach the exposition city by water and enter San Francisco bay through the Golden Gate. By day the glittering pillars and minarets of this mile long facade will be seen as a dream city, while by night they will reflect the sheen of a million lights into the waters of the bay.

#### A Great Esplanade.

Before the facade and along the harbor's edge for more than a mile there will be built a great esplanade, a vast stretch of ground and terraces in which fountains will play and groups of statuary be set at intervals. Brilliant flowers and hardy flowering

the various tones. Mr. Guerin gives the following word picture of his color plan for the exposition:

"Imagine a gigantic Persian rug of soft, melting tones, with brilliant splashes here and there, spread down for a mile or more, and you may get some idea of what the Panama-Pacific exposition will look like if viewed from a distance, say from the San Salito Heights, across the Golden Gate. For San Francisco's is to be unique among the expositions of the world in that it will be a 'City of Color.' Not that color is the chiefest value of the exposition, for its architectural features are equally remarkable. This color plan, that of making the group of buildings a veritable blaze of glory and at the same time avoiding the garish or barbaric, is the great new salient feature of the exposition."

The Court of the Sun and Stars will be 750 feet in width from east to west and 900 feet along its main axis. At the south end of the court will arise the huge tower of the Administration building, 400 feet in height, and dominating the architecture of the exposition. The upper part of the tower will take the form of terraces leading up to a group of figures surrounding a globe typifying the world; the tower will be lined with jewels which will glitter like diamonds when searchlights are turned upon them. At the base of the tower, which will occupy an acre in extent, will be a huge arcade 125 feet high, beneath which the visitor may enter into the Court of Sun and Stars from the main exposition entrance.

In the vaulted archways of the tower will be grouped a series of mural paintings designed by Jules Guerin and expressing the keynote of the exposition color scheme. But perhaps the most impressive feature of the Court of Sun and Stars will be found in a classic colonnade extending entirely around the court and

An echo tower in the Festive or East Court. At night the East Court, with its pavements of gold, its great banks of flowers, and its lofty palms, will be flooded with light. Musical masterpieces of the world will be rendered by the chimes in the towers. Great saengerfests and choral festivals will assemble upon the floors of the court.

trees and shrubs will lend warmth and color to the esplanade.

Three great courts will divide the main group of exposition buildings from north to south. Their theme will suggest the meeting of the east and west at Panama. One of the huge courts, that on the east, will suggest the Orient, rich in Oriental splendors; another on the west, will suggest the Occident, its theme exemplifying the wealth which nature has conferred upon the Saxon who has ever pushed to the west. Between these two courts will be set the greatest of all the courts, the superb Court of the Sun and Stars, its theme upon a magnified scale symbolizing the union of the east and west at Panama. This court will stand out among the most brilliant architectural expressions of America and Europe. It will be distinguished by the majestic scale of its architecture; by the splendor of its conception, and by its life, color, and spirit of joyousness. The color plan of this court, as indeed of all the great courts, is designed by Jules Guerin, undoubtedly the foremost decorative artist in America.

#### Beautiful Color Effects.

In the courts marvelous blendings of colors will be attained. Pompeian red, strong Italian blues, vermilion and orange will predominate. The roofs of the exhibit palaces will be covered with Spanish tile, a reddish pink. But from afar the sightseer will gain the effect of the blending of

screening the walls of the enveloping exposition palaces. The columns will be sixty feet in height; surrounding the colonnade will be a series of 110 figures symbolizing the stars. Each figure will support a huge artificial jewel four feet in diameter. At night these jewels will glitter with dazzling lights; by day their radiance will be obscured.

In the center of the court will be a great sunken garden with benches to seat about 7,000 people, surrounding the garden. In the garden will be groupings of classic statuary, dancing figures, fauns, satyrs and nymphs; flowers, trees and vines will contrast with the statuary and with the superb colonnades and the towering golden domes.

To the east as one passes from the Court of Sun and Stars to the great east or Festive Court will be a huge triumphal arch 90 feet in height and surmounted by a colossal grouping of statuary. Camels, elephants and Oriental warriors will crown the summit of the great arch. To the east on the approach of the Court of Four Seasons will be a triumphal arch of similar size surmounted by a group representing western civilization.

A huge prairie schooner will crown the central motif of the group.

As the visitor in 1915 passes beneath either of the huge triumphal arches to the east or Festive or to the west court, the Court of Four Seasons, he will travel avenues between the exhibi-

whose sides will be adorned with mural decorations and screened by classic colonnades. Huge pools of water will reflect the outlines of the lofty buildings. The walkways will be in pavements of gold. Great banks of flowers and potted palms will lend color and imagery to the vista.

If this visitor passes to the east or Festive Court he will behold a vision surpassing the richest dreams of the Orient. The Festive Court is dedicated to music, dancing and acting; it is designed for pageantry surpassing the luxurious Durbar and will constitute the proper setting for Oriental or modern drama upon a colossal scale. Here will assemble many of the fascinating pageants that will come from the concessions center to draw visitors to the amusement features of the exposition. The architecture of this great court will partake of the Oriental phase of the Spanish-Moorish architecture and yet it will have that refinement which is characteristic of the architecture of the Spanish Renaissance. The main tower of the court will contain a huge pipe organ with echo organs in the smaller towers. Electric scintillators will play upon fountains at night; reflected colored lights will cast a spell throughout the court. The walls of the cloister will be decorated with mural paintings; exotic flowers, trees and vines, orange trees in fruit and in blossom, will contrast with the statuary and the huge colonnades and staircases.

#### Court of Four Seasons.

From the Court of Sun and Stars the visitor in passing to the west will come to the superb Court of Four Seasons, of which Mr. Henry Bacon, creator of the Lincoln Memorial, is the architect. In its theme this court will typify the conquest of nature by mankind. In the center of the court will be a great grouping of statuary in which Ceres, Goddess of Agriculture, will be shown dispensing the bounties of nature. In each of the four corners of this court will be set great niches into the encircling exhibit palaces. In each of the four niches will be four great mural paintings suggesting the seasons, spring, summer, autumn and winter; lofty colonnades will screen the niches.

The ornamentation upon the water front will be upon a colossal scale. The Court of the Four Seasons, opening upon the harbor, will be entered through a stupendous gateway, the Gate of Columbus. The visitor will pass through the gateway beneath a great tower to the esplanade upon San Francisco bay. Directly before the tower will be seen a colossal figure of Columbus, facing the water. Ornamenting the tower in recesses will be figures representing the great voyagers of the world.

Before the entrance to the grand Court of Sun and Stars upon the bay will be a colossal column whose spiral will depict man's climb toward success and at the summit of the column will be a figure representing achievement. On the left and before the Court of Four Seasons will be the gates of Balboa, before which will be a colossal statue of the discoverer of the Pacific ocean.

Each of the three main north and south courts will open out upon the esplanade on the shores of San Francisco bay upon the north and upon the great tropical garden upon the south. Vast beds of flowers in bloom will be set in the south garden; the plants will be replaced by others when their flowering season is passed.

The fourteen great buildings to be constructed by the exposition company, and to be devoted to general exhibits exemplifying the advance of the world in the arts, sciences and industries, will be the loftiest exposition structures ever erected. In addition there will be the huge series of palaces and pavilions to be erected by the states and foreign nations.

To the east of the center group will be Machinery Hall, the largest single structure of the exposition. Just south of Machinery Hall is Automobile Hall. In the south garden at the east end and near the concessions center will be located Festival Hall, and near the west end the Palace of Art, a huge structure of glass. Flanking the great

in the west will be the Palace of Art, a classic and beautiful structure embodying the spirit of classicism and facing upon the bay from which its outlines will be seen.

These are the approximate outlines of the buildings; Machinery

Hall, 367.8x967.8, and annexes; Mines and Metallurgy, 574x451; Varied Industries, 414x346, and annexes; Manufactures, 552x470; Transportation, 614.6x574.6; Liberal Arts, 585x470; Agriculture, large wing, 630x574.6, smaller wing, 423.9x579.6; Education, 394.3x526; Automobile Hall, 272x752; Festival Hall, 380x290 (greatest 280); Horticulture, 630x295; Fine Arts (outside line), 1,100 feet.

#### Magnificent Illuminations.

Throughout the entire exposition the illumination will be such as to bring out the colors of the courts in their proper tones, to sharpen and intensify the color effects. The illumination of the colonnades will be accomplished through purple lights; the windows of the exposition palaces will diffuse a golden ray. Giant batteries of colored searchlights will be anchored in the harbor before the site and will play against huge jets of steam and smoke that will be liberated high in the heavens. Searchlights 500 or 600 yards out in the water and before the main axis of the exposition will direct batteries of light over the exposition palaces, going through more than three hundred revolutions in colors.

Of the three main groups the one on the east will be comprised in the concessions or amusement center, which will occupy sixty-five acres, and will be the first of all parts of the exposition to be reached by those who come from the downtown portion of San Francisco. Its entrance will be by way of a great plaza at which the concessions district will open out upon Van Ness avenue. Through the concessions area will run a broad avenue which will mark an irregular course east and west, but will describe many right angles. As each turn as you pass along the street of concessions you will find some imposing concessions structure. Every corner will be marked by a great building. The street of concessions will be more than a mile in length. The domes of the buildings will be illuminated at night and startling electrical effects will contribute to the night life of the exposition at the amusement center.

The western group will include the area occupied by the pavilions of the foreign nations, by the building to be erected by the United States government and by the states' buildings. The pavilions of the foreign nations, furthest from the bay, will rise tier upon tier in terraces as they advance upon the gradual slope of the Presidio military reservation. Nearer at hand and closer to the water will be the buildings of the various states. Each structure in this part of the exposition grounds will be surrounded by ample lawns adorned with shrubs and flowers. In its entirety the western wing will present upon a magnified scale the effect of a superb residence district.

#### Great Drill Grounds.

Still further to the west of the states and foreign district will be a great drill grounds, capable of accommodating at one time ten thousand troops in drill. Foreign nations will send their crack cavalry and infantry to participate in the maneuvers and trials of skill.

Encircling the drill grounds will be a race track where international speed and harness races will be held. One racing association alone has guaranteed a purse of \$25,000 for a three-year-old trotting race.

Marking the extreme western limit of the exposition structures will be the stock pavilions and the buildings devoted to live stock, poultry, domestic pets and other displays. The government life saving service display will also be located here.

Applications for exhibit space have been received from all parts of the world. More than eight hundred leading exhibitors have applied for extensive space in the great exhibit halls and many of the exhibits range in value from \$200,000 to \$300,000. The number of applications for concessions is unprecedented at so advanced a pre-exposition period. Director of Concessions Burt has received more than two thousand applications for concessions, many of which will be exceedingly original and striking. Appropriately enough, among the concessions will be a \$250,000 replica of the Panama canal. It will take twenty minutes to make the trip. Another will depict the roaring days of forty-nine; the visitor in 1915 will be met at the ferry building by a stage coach typical of the gold days. The Santa Fe will expend \$250,000 on a panorama of the Grand Canyon.

The most interesting game of ball  
ever played, was played Sunday at  
Castroville, between the Castroville  
Boys and Lacoste Team, the score  
being 22 to 29 in favor of LaCoste.

Hurrah for Lacoste. Who says Lacoste  
has no good team? Watch Lacoste  
grow. Castroville is slightly disfig-  
ured but still in the ring. A large  
crowd of rooters from here witnessed  
the game.

On Monday, May the 12, a very  
pretty wedding took place in St.  
Mary's Catholic church when Miss  
Rosa Zinsmeyer became the bride of  
Mr. Alfred Keller, Rev. Father Mei-  
ser in a very impressive manner pro-  
nounced them man and wife to love  
and cherish each other till the end of  
their lives. The bridesmaids were  
Misses Helen Keller, Katie and Agnes  
Zinsmeyer, and the best men were  
Messrs. Robert Meehler, Wm. Keller  
and Paul Tondre. A large crowd was  
in attendance to witness the nuptial  
ceremony. After the ceremony they  
repaired to the home of the groom's  
parents where an elegant wedding  
dinner and supper awaited them. The  
afternoon passed away in heaping con-  
gratulations on the happy young couple.  
At night a dance was tendered the hap-  
py pair. The bride is the beautiful and  
accomplished daughter of Mr. and  
Mrs. Louis Zinsmeyer of Dilley and  
counts her friends by the score, while  
the groom is a prosperous well-to-do  
farmer of the Lacoste neighborhood,  
and is to be congratulated upon securing  
for a help-mate such a sweet and lovely  
young lady. The young couple will  
make their future home near Lacoste.  
We join in wishing them a long and  
happy married life.

### A TRIED AND PROVED GUARANTEE

Man Bought a Bottle of Dodson's  
Liver Tonic, Then Took It Back  
and Asked for his Money  
and Got It.

A man recently tried out the guaran-  
tee which W. H. Windrow gives with  
every bottle of Dodson's Liver Tonic.  
He bought a bottle and then went back  
to the drug store and said the medicine  
hadn't helped him.

This druggist just reached into his  
cash register and took out a half dol-  
lar, the price of a bottle of Liver Tonic,  
and handed it back to the gentleman.  
But he didn't take the money. He  
owned up that he was just trying the  
guarantee and, as a matter of fact, he  
had found Dodson's Liver Tonic the  
best remedy for constipation and bil-  
iousness he had ever tried. "Why,"  
he said, "my wife wouldn't be without  
a bottle in the house for anything. It's  
the best thing in the world for the  
whole family, and the medicine that I  
prefer to take or to give to my children  
for a lazy liver."

W. H. Windrow sells Dodson's Liver  
Tonic and guarantees it to start the  
liver without violence. It is taking the  
place of calomel everywhere. If you  
buy a bottle and don't find this pleas-  
ant-tasting vegetable liquid the best  
thing to start a lazy liver, he will hand  
your money back with a smile.

Richard's Bros. Dog and Pony Over-  
land show held a performance here  
Tuesday night to a large audience. It  
was enjoyed by one and all who attend-  
ed.

Mrs. Edmund Jungmann was taken  
to San Antonio the forepart of the  
week to be operated on. News reached  
us today that she is doing as well as  
can be expected. We wish her a  
speedy recovery.

Alex Boehme and family of Riome-
